

BAMNUT NOODLES

100% plant-based
Portion size: 58 grams

POWERED BY BAMBARA GROUNDNUTS

The Bambara groundnut featured in these noodles is a future-fit crop that is climate-resilient and can revitalise degraded farmland.

- The Bambara groundnut is a nutrient-dense crop that is high in protein, containing two essential fatty acids, omega-3, and omega-6 and is rich in minerals and B-vitamins.
- It can grow on degraded land and in poor soil conditions, with the ability to fixate nitrogen into the soil through a bacteria that lives in its (deep) root system!

BENEFITS

- **HIGH PROTEIN**
Each serving provides 13 g of protein equivalent to two eggs
- **HIGHER IN FIBRE**
80% more fibre compared to conventional deep-fried instant noodles
- **LOWER FAT**
33% lower in fat than conventional noodles

IT'S GOOD FOR

- **VEGANS**
No animals were harmed producing this product
- **THE LACTOSE INTOLERANT**
100% dairy-free
- **BUSY PEOPLE**
Create a meal in 3-5 minutes

DIRECTIONS

- Boil noodles for 3 - 5 minutes or until your desired "bite" is achieved
- Drain hot water from your pot

WE SAID NO TO

- No MSG
- No preservatives
- No artificial color
- No artificial flavours
- No artificial sweeteners

ALLERGEN INFORMATION:

This product contains wheat, and Bambara groundnut - a legume related to peanuts.

All claims are within food safety regulation limits and to the best of our knowledge at the time of writing.
*Compared to conventional instant noodles on the market.

Responsibly sourced:
Fair trade - animal cruelty-free - no child labour

All our facilities are certified with the highest possible accreditations to ensure compliance with global food regulations.

MORINGA NOODLES

100% plant-based
Portion size: 58 grams

POWERED BY MORINGA

Moringa is native to the Indian subcontinent. It is the extract from Moringa leaves that gives our noodles that wonderful lush green colour.

- Moringa is often referred to as 'the miracle tree'. Fast-growing and drought-resistant, the leaves are highly nutritious and grow plentifully all year round. The trees are also planted as natural windbreaks, helping to prevent soil erosion. Many parts of the tree are used in traditional medicine throughout India and Asia.
- Moringa has shown superior ability in absorbing atmospheric carbon dioxide, 20 times higher than the general vegetation, to be precise.

BENEFITS

- **CONTAINS IRON**
Meets 21% of men's RDA (8 mg) and 9% of women's RDA (18 mg) in one serving
- **HIGHER IN FIBRE**
83% more fibre compared to conventional deep-fried instant noodles
- **LOWER FAT**
61% lower in fat than conventional noodles

IT'S GOOD FOR

- **VEGANS**
No animals were harmed producing this product
- **THE LACTOSE INTOLERANT**
100% dairy-free
- **BUSY PEOPLE**
Create a meal in 3-5 minutes

DIRECTIONS

- Boil noodles for 3 - 5 minutes or until your desired "bite" is achieved
- Drain hot water from your pot

WE SAID NO TO

- No MSG
- No preservatives
- No artificial color
- No artificial flavours
- No artificial sweeteners

ALLERGEN INFORMATION:

This product contains wheat, and made in a factory that also processes Bambara groundnut - a legume related to peanuts.

All claims are within food safety regulation limits and to the best of our knowledge at the time of writing.
*Compared to conventional instant noodles on the market.

Responsibly sourced:
Fair trade - animal cruelty-free - no child labour
